

First step: click on Link

Second Step: Two Login Methods. Choose one

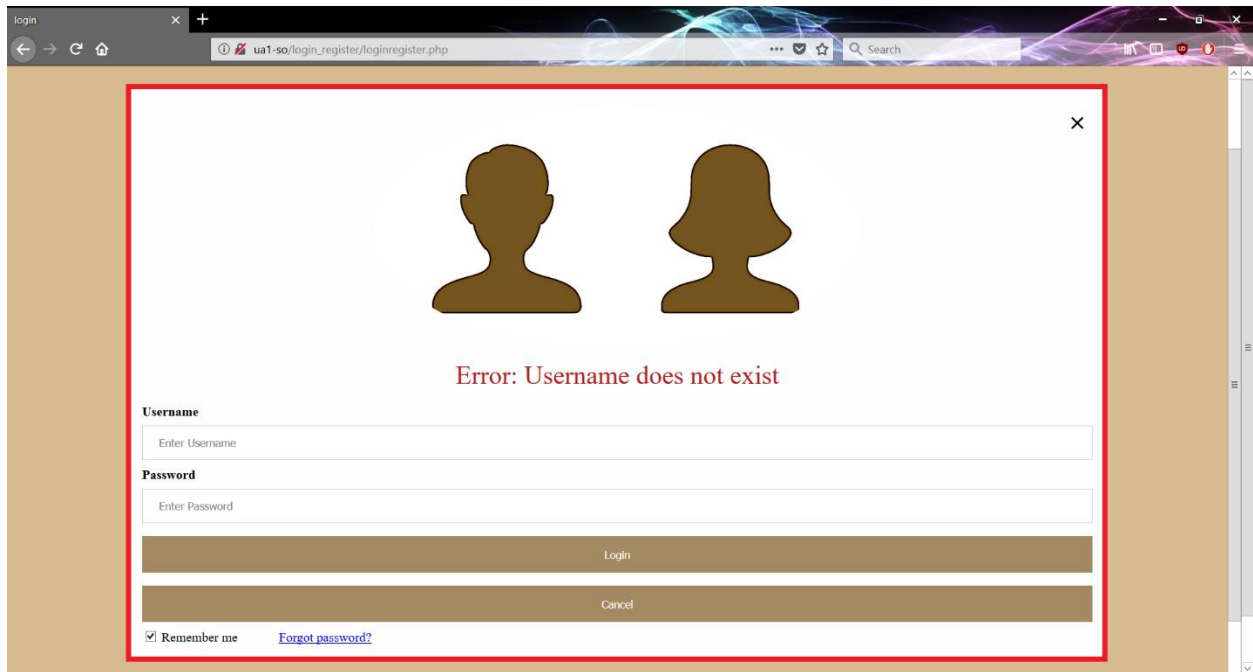

Password Login first. First time before submission.

A screenshot of a web browser window showing a login form. The browser's address bar displays "ua1-so/login_register/loginregister.php". The form is enclosed in a red border and features two brown silhouette icons of a man and a woman at the top. Below the icons, a red error message reads "Error: Incorrect password entered". The form includes a "Username" field with the placeholder "Enter Username", a "Password" field with the placeholder "Enter Password", a "Login" button, a "Cancel" button, a "Remember me" checkbox, and a "Forgot password?" link.

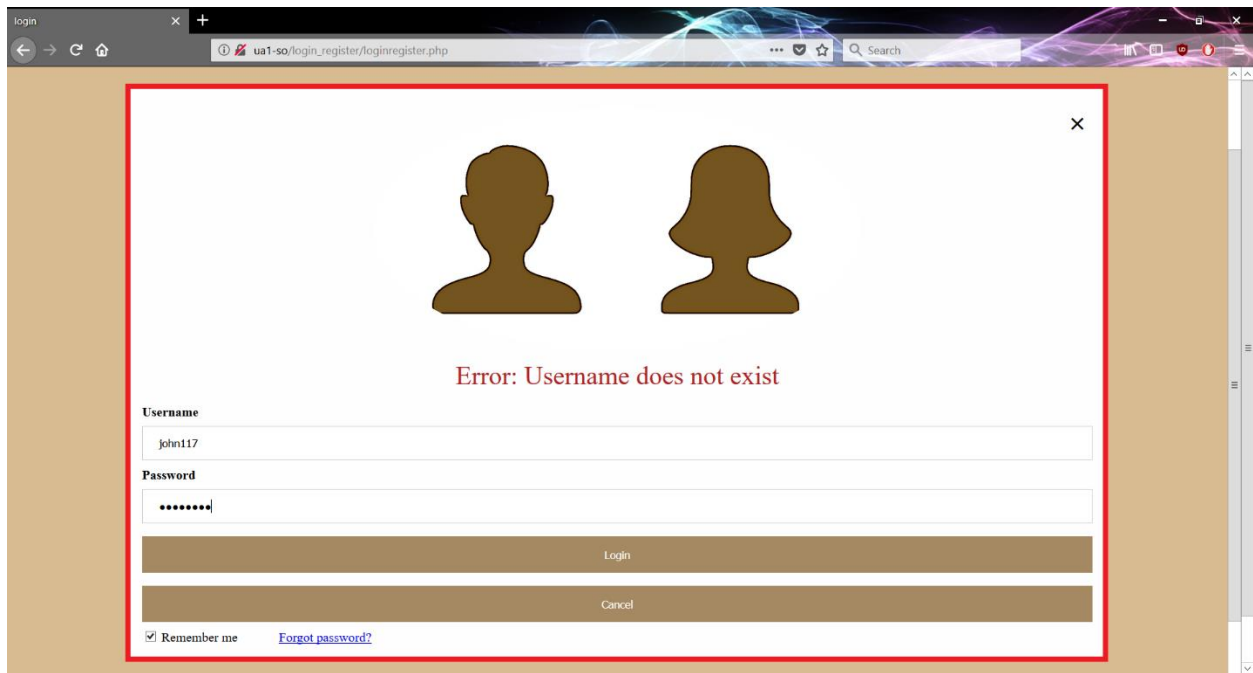

Form submitted with wrong password.

A screenshot of the same login form, but with the "Username" field populated with "john118" and the "Password" field filled with ten dots. The error message "Error: Incorrect password entered" remains visible. The "Login" and "Cancel" buttons are positioned below the password field. The "Remember me" checkbox and "Forgot password?" link are at the bottom of the form.

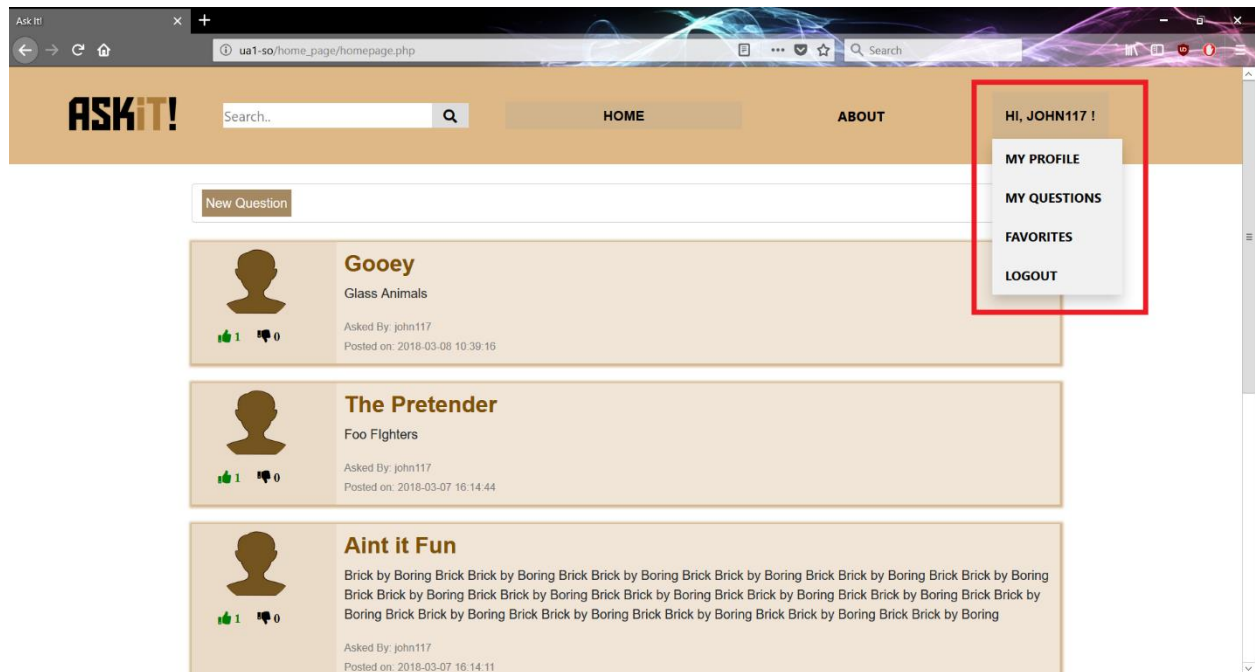

Before second form submission

Form submitted with wrong username.

Before third form submission

Success. Hovering over username menu option drops down a list of options for the user.

Registration

Form not filled in yet

any empty field (except pin) is required and will be prompted to fill

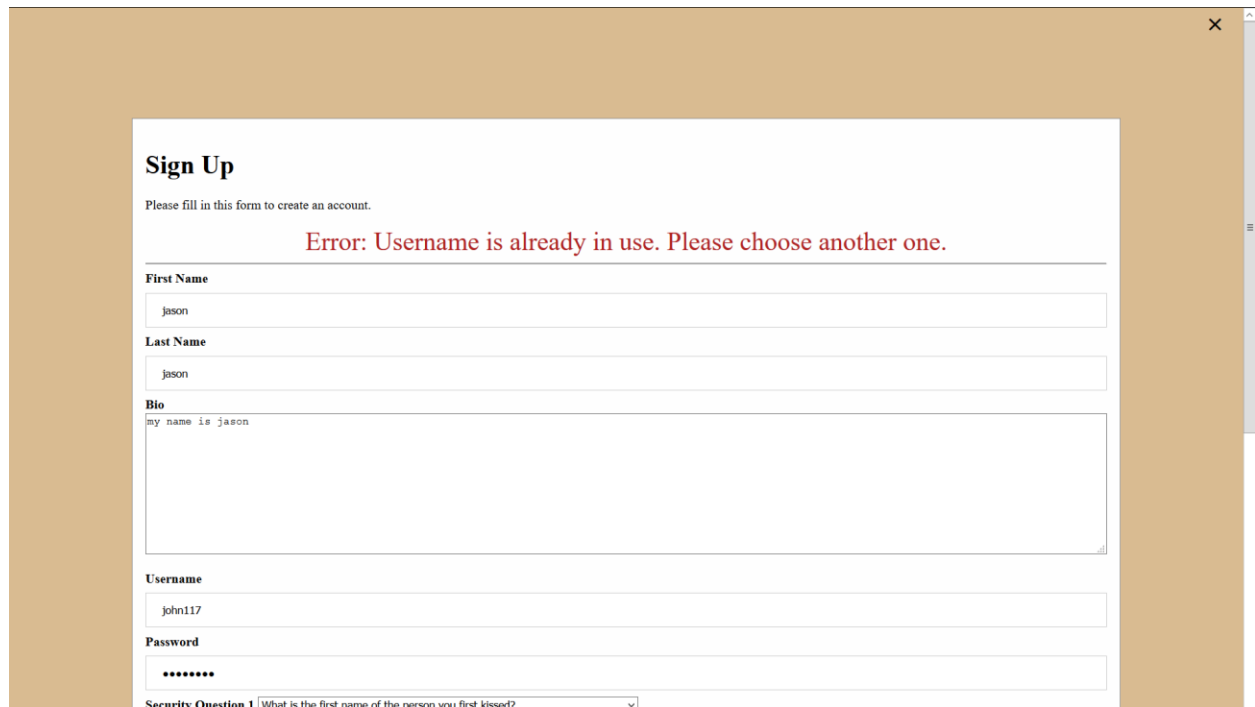

Sign Up

A screenshot of a web browser window showing a "Sign Up" form. The form is titled "Sign Up" and includes a subtext "Please fill in this form to create an account." Below this, a red error message reads: "Error: Invalid security question 1 selected. Make sure it is part of the list". The form fields are: "First Name" (filled with "jason"), "Last Name" (filled with "jason"), "Bio" (filled with "my name is jason"), "Username" (filled with "jaysonj"), and "Password" (filled with "*****"). At the bottom, the "Security Question 1" dropdown menu is open, showing a list of options with "Please select-" at the top. The browser window has a close button (X) in the top right corner.

shows error upon submitting an invalid security question 1

A screenshot of a web browser window showing the same "Sign Up" form. The error message now reads: "Error: Invalid security question 2 selected. Make sure it is part of the list". The form fields are identical to the previous screenshot. The "Security Question 1" dropdown menu is open, showing a list of options with "What is the first name of the person you first kissed?" at the top. The browser window has a close button (X) in the top right corner.

shows error upon submitting an invalid security question 2
